

Project a Professional Image

...with a custom presentation folder!

Insurance

Projecting a professional image is critical to your ability to attract and retain clients. We carry a wide selection of folders & covers to help you make a favorable impression. And, unlike other advertising, a folder is seldom thrown away since it contains important records a client should keep. When you present your paperwork in a custom branded folder it's easy to slip in fact sheets, advertise your other services and even hold your business card in one complete package!

Uses Include:

- New Client Packets
- Advertise Other Services (auto, home, life)
- Presents & Safeguards Policies
- Financial Planning Documents
- Holds your business card, keeping contact info accessible
- Build Consistent Branding
